Parents Make A Difference!

Vol. 9 No. 6 February 2007

A note from:
Mr. Wade
Elementary Principal

With the recent missed days due to severe winter weather the district is working to find ways to makeup school days. With snow falling as I type and a lot more of winter still to come adjusting the school calendar may prove to be no easy task.

One thing that has been revised is Parent-Teacher Conferences. Alexander Elementary will have our Parent-Teacher Conferences on **Thursday, February 8 and Thursday, February 15**. The conferences will run from 3:30 PM to 6:30 PM.

We encourage all parents to make time to visit with your child's teacher during the upcoming conferences. This is a critical time in the school year for parents and teachers to work together to insure each child is prepared for grade advancement.

We will have school with students on Friday, February 9. Previously this was going to be a day students did not come to school.

At this time, nothing further regarding the school calendar has been determined. Once adjustments are finalized we will send out the specific details.
